Illegal Animal Fighting

Equipment Photos
Equipment Used for Training and Fighting: **Dogs**

- **Treadmill:** A devise with a rotational platform. The dog is usually harnessed in the treadmill and encouraged to run by placing a small bait animal or animal skin out of the dog’s reach.
The Pit or Ring

- Walls and floor (carpet in this case) are stained with blood.

- **Jenny a.k.a. Catmill:** A devise with one or more spokes rotating on a center shaft. It is similar to a horse walker. The dog is harnessed in the device and encouraged to run by placing bait out of reach.
Equipment Used for Training and Fighting: **Dogs**

- **Springpoles:** A device with an animal hide or rubber tube hung form a pole or tree. The dog bites and hangs off the ground. Weights can be added to the dog’s neck for strength conditioning.
Equipment Used for Training and Fighting: **Dogs**

- **Breaking sticks a.k.a. parting sticks**: A wedge shaped stick used to break the hold of the dog during a fight. They are usually made of wood or plastic. Teeth marks, blood stains or hair embedded on the stick may be visible upon examination.
Equipment Used for Training and Fighting: **Dogs**

- **Medical and First Aid Equipment:** Most trainers have medical equipment and antibiotics to repair lacerations and tears.
